#### Presenter Guidelines:

- Slides should be designed to be readable from the back of the room. Use readable color schemes.
- Demonstrations are preferable to slides.
- Slides should be in PDF format.
- Presentations will be completed in time for inclusion in the conference guide. Failure to provide a presentation in a timely manner will result in removal from the program.
- Provide an accurate summary and rating (intro, advanced, developer) level for your presentation.
- It's OK to talk about products, but no product pitches, period!
