Getting the Most From the Free Reader

Adobe Reader is free, so who cares? You should, if you own Adobe Acrobat Professional 8.

The latest release of Acrobat Professional 8 includes powerful new features for unleashing hidden features in the free Adobe Reader.

In this hour-long, live, instructor-led online class, you will learn how to maximize the use of the free Reader.

If you create PDFs for users who only have the free Reader, you shouldn't miss this class.

- For all proficiency levels.
- Get up to speed quickly.
- Uses the Adobe Acrobat Connect real-time conferencing software inside Adobe Reader/Acrobat 8.
- Pricing is per connection, not per student. One connection means one internet and one telephone hookup with the instructor. An organization may share a connection in a meeting room.

Eliminate travel costs and only pay for the training you need with live, online training with PDF Conference Producer and Adobe Certified Expert Carl Young.

Train at your desktop, or share the web connection with others in your organization in a conference room at no extra charge.

Pricing:

- \$75 per connection per class, or
- \$200 per connection for three or more classes (\$25 savings)
